

Dear Friends,

*“Under the current epidemic conditions, we need to find ways to maintain our activities as close to normal as possible.”*

*Our seminars (Naval, Land and Air-Avionics Systems Seminars) are not for profit and absolutely free of charge for the participants upon registration via our web page as audience.*

*The necessary costs are met with the support of the sponsor / exhibitors of the seminar. However, the payment of the sponsorship fees comes into effect only if our seminar takes place.*

*Planned seminar dates can be postponed due to the pandemic conditions and you will be immediately notified about our updated seminar dates. We hope to get to new normal soon.*

*For those reason, you could apply right now to become a Sponsor / Exhibitor in our seminars which are very unique and niche for its specified sector.*

Contact for sponsorship as soon as possible via [tdi@turkishdefenceindustrynews.com](mailto:tdi@turkishdefenceindustrynews.com) in order for all of us to perceive our progress please.
